Heating

Panel and seal fixed on storage heaters Yes / No signed by tenant.....

End of Tenancy Cleaning

At the end of your tenancy we expect to find usual wear and tear.

However, we would recommend that you carry out the following regular cleaning in your room.

- Hoover the carpet and dust surfaces.
- Clean the inside of your windows (we do the outside)
- Use an anti-scale spray on your shower cubicle and tiles. It can be very difficult to clean at the end of your tenancy if you do not.
- Clean your toilet with toilet cleaner regularly to avoid scale.
